

# PARK MANOR CY-FAIR

## Superpowers, Strength, and Everyday Heroes

Every year on April 28, we celebrate National Superhero Day, a time to honor both the fictional heroes who inspire us and the real-life heroes who make a difference in our world. **First recognized in 1955, this day serves as a powerful reminder that courage, strength, and selflessness are qualities we all admire**, whether they exist in comic books or in everyday life.

Superheroes first soared into popularity in the 1930s and 40s, with iconic characters like Superman, Batman, Wonder Woman, and Captain America making their debut. With extraordinary abilities—flying, super strength,

invisibility, and mind-reading—these heroes became symbols of hope and justice.

While we celebrate these fictional icons, **let's also take a moment to honor the everyday heroes among us, including nurses, EMS, firefighters, police officers, and first responders.** They may not wear capes, but their superhuman strength and resilience are on display every day. Whether they're saving lives, protecting our communities, or providing care in moments of crisis, they embody the same values of courage, sacrifice, and selflessness that we admire in our favorite superheroes.

**If you could have any superpower, what would it be?**

The ability to heal? To fly? To be invisible? Or perhaps the strength to lift entire buildings with ease? While most of us won't develop superhuman abilities, we all possess unique strengths that have the power to create change.

There is a bit of a superhero in all of us. We may not wear capes or leap tall buildings, but through acts of kindness, resilience, and perseverance, we can make a lasting impact.

**This National Superhero Day, take a moment to celebrate the heroes—both fictional and real—who inspire us to be braver, kinder, and stronger. And remember, the world could always use another hero.**

**Maybe that hero is YOU!**

## The Joy of Volunteering: Finding Purpose Through Giving Back

Studies show that volunteering can help us age better through dedicated socialization and fulfillment, increasing both happiness and self-esteem. Seniors who volunteer also experience other benefits such as better health, making friends, learning new skills, and keeping their minds sharp with new experiences.

## Spring Activity Highlights

### Welcome April!

This month is a Month of Melody. In April, you can hear the birds singing and the bees humming. April brings us beautiful blossoms of blessings, a spring of colorful flowers, and I hope a heart-to-heart of happiness. April showers will come to bring beautiful flowers in May. April unlocks the flowers to paint the laughing soil, April suns, and showers of rain. This April, we will be doing

a lot of art, crafts, trivial pursuit, movie day, games, and celebrating national holidays. We will have an Easter egg hunt for the kids in our community and an Easter egg hunt for our staff. Our residents here will be taking a trip to the casino on a Saturday morning for a day full of fun! We will host a crawfish boil for our residents and staff. Please come join us for the fun and put a smile on our residents' faces.

## HONORING EARTH DAY: INSPIRING ENVIRONMENTAL AWARENESS

On April 22, we celebrate Earth Day, a global reminder of our shared responsibility to protect and preserve our environment. First observed in 1970, Earth Day has grown into a worldwide movement that encourages people everywhere to care for the planet and protect its future.

For some, the environment means the natural world, including mountains, forests, rivers, oceans, wildlife, and the air we breathe. For others, it represents the green movement and the principles of reduce, reuse, and recycle. In truth, the environment encompasses everything around us, from the air and water we depend on to the safety of our communities and our overall quality of life.

### Simple Ways to Be Earth-Friendly:

✔ **Conserve Energy** – Turn off lights and appliances when not in use.

✔ **Upcycle Unwanted Items** – Repurpose or donate instead of discarding.

✔ **Recycle Thoughtfully** – Sort paper, plastic, cardboard, and cans properly.

✔ **Plant Pollinator-Friendly Gardens** – Support bees and butterflies with native plants.

✔ **Use Reusable Shopping Bags & Containers** – Cut down on plastic waste.

✔ **Walk, Bike, or Carpool** – Reduce carbon emissions when possible.

✔ **Buy Secondhand** – Choose thrifted clothing, books, and furniture to minimize waste.

✔ **Reduce Food Waste** – Plan meals, compost scraps, and store food efficiently.

The choices we make today shape the future of our planet. Whether through small lifestyle changes or broader community efforts, every action matters. This Earth Day, let's renew our commitment to a healthier, cleaner, and more sustainable world.

## OCCUPATIONAL THERAPY MONTH

Disabilities, illnesses, and injuries can often cause difficulties in daily living. Activities such as bathing, getting dressed, cooking, or driving may be challenging. Occupational therapy is a beneficial resource for addressing these challenges and improving capabilities.

Occupational therapy practitioners help their patients accomplish their goals through a variety of methods, including:

- Demonstrating exercises that will help increase mobility
- Developing techniques to aid concentration, memory, and executive function
- Recommending appropriate adaptive equipment such as eating aids, shower chairs, or walkers, and teaching the patient how to use the equipment
- Recovering and improving the patient's skills through the therapeutic use of daily activities
- Intervening with preventative measures or exercises to reduce the risk of future illness or injury

April is Occupational Therapy Month and is a great time to show appreciation for the occupational therapy practitioners who help people live their lives to the fullest.
